WHY ATTEND

# Why attend an overseas recruitment trip?

Meeting candidates in person gives you confidence in the appointments you make — assessing presence, building rapport, and offering on the spot.

## Multiple candidates

If you're recruiting for more than 10 vacancies across your school or MAT, an overseas trip enables you to meet as many as 60 candidates in person across consecutive days.

## Body language & presence

Virtual interviews are hugely successful, but meeting in person lets you assess candidates' presence and body language — two very important factors in the classroom.

## Build rapport

Interviewing candidates in person is a chance to build rapport with potential new colleagues, and we've seen it prove to be a deciding factor when candidates are choosing between offers.

*We've placed hundreds of teachers and know that recruiting is only part of the job. Our teams offer the highest levels of service long after a placement has been secured — it's how we help ensure success for all involved.*
